

The Bell Surgery Health Talks Rapid Access Care Unit (RACU)

The Bell Surgery invites you to a free informative talk about RACU at Townlands Hospital.

The multidisciplinary team at RACU provides a one-stop, patient centred holistic service.

The talk will provide an overview of RACU including:

Tuesday, 4 December
2018 at 6-8pm

The Maurice Tate Room,
Townlands Hospital,
York Road, Henley on
Thames RG9 2EB

- The aims of the unit, the services it provides and the care and treatments available - Dr Rhead, RBH
- Parkinson's a Multimodal disease - Dr Apurba Chatterjee & colleagues
- RACU from a GP's Perspective - Dr Norman, The Bell Surgery

To confirm your space please contact the Bell Surgery on 01491 843250
or email thebellsurgery@nhs.net

The Bell Surgery Health Talks Rapid Access Care Unit (RACU)

- RACU at Townlands Hospital offers non-bed based care to local patients registered with an Oxfordshire GP.
- It is not a walk in service and patients have to be referred by their GP.
- Patients are provided with multidisciplinary assessments and treatments on site.
- RACU's aim is to support & treat individuals in their own environment to reduce demands on secondary care.
