The Bell Surgery Health Talks Sepsis Awareness

Every 3.5 seconds someone in the world dies of Sepsis.

In the UK alone, 44,000 people lose their lives to sepsis every year. This is more than breast, bowel and prostate cancer combined. Globally, sepsis claims 6 million lives a year. Yet with early diagnosis it is easily treatable.

Come to the talk and find out more through the UK Sepsis Trust to fight this life-threatening condition, stop preventable deaths and support those affected by sepsis.

25,000 children are
affected by sepsis each
year in the UK

5 people are killed
by sepsis every hour
in the UK

1/4 of all sepsis survivors
suffer permanent, life-
changing after effects
